## Synopsis

What if there were a couple – maybe just one – who fell in love before coming to earth? Raelyn Love and Tiago Carvalho might just be such a couple, but going through the veil changes everything. Once on earth, Rae knows she should be excited when her long-time friend and fellow LDS member Andrew begins hinting about marriage, but instead she finds herself dreading the moment when he’ll finally pop the question. Then along comes handsome and daring Dave Channing, who is everything Andrew is not. Rae is sure she has finally found the man she was destined to marry. But has she? Although there may not be a “one and only” for everyone, *In Your Place*, takes the reader on a journey of romance and possibilities as two people fall in love in the pre-existence and strive to stay in love forever. Written specifically for LDS young adults, *In Your Place* convinces us again that love is the most powerful emotion in the world . . . and beyond.

## Customer Reviews

Like it is listed this is written specifically for young LDS adults but it is a good read for us 60 year

olds. A trip back in time to our years of young love, hopes and dreams. Growing and finding our place as young and then older adults. It tells a story of growth, choices and consequences. Highly recommend all of her books. Another great one Ms Nunes

I really enjoyed reading this book. What a great writer. The subject matter is so wonderfully presented. You feel as if you are right there with each character. You feel their love, anxiety, and frustration. You look at life a little differently after reading this book. Thank you for writing about such a spiritual part of our lives.

Great, uplifting read. Romantic, yet not dirty. Sweet relationships that are very realistic. I have really enjoyed all the books I've read of this author's.

I liked the overall tone of this book and found the characters as persons in life with ongoing struggles

I have a missionary out right now. This story really hit home with me. I lovedon't it and did not want it to end.

Another winner for Rachel! You are definitely a very good author. Thanks so much for sharing your talent with us. There is not one of your books that I have not loved. I always feel like I'm right there with the characters. Thank you!

I really enjoyed this book. Rachel Nunes is consistently a wonderful writer. I also loved this book because it made me think about who I may have known in my premortal life.

Enjoyed the book immensely. Another hit for Rachel Ann Nunes. Plot and characters were believable and interesting. Ethics and morals above board. Great read.
