Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

I was looking for a golden book for my son that would be different from the typical Disney ones we already had and I found these. His father and I are huge comic and action hero fans, so this and the others like it are perfect. Not only do they intro the characters to him, but the villains as well. It lays the foundation nicely for when we let him start watching the movies. I think he'll be able to identify them much easier as he'll already be familiar with them from the books.

Great

Cute story, easy to read for the younger set, easy to read to the youngest set! I bought this to go with the 12" Titan Thor, for my 3 year old. He's sandwiched between two girls, so he was in need of some super-hero books and toys to get away from all the princess stuff. He LOVES this book and the others in the series. Marvel was SMART to partner with Little Golden Book on this one.

This is a cute little golden book, but a bit more advanced than I really wanted in comparison to other Little Golden Titles. That being said, the book was very colorful and the story fun, my son loved it.

I would recommend this for any child, even though I know that in Norse mythology, Thor was a middle-aged blacksmith with fiery red hair and a black scar on his forehead from a workplace accident, that his usual mode of transportation was a cart drawn by goats, and that he had a wife and two adult sons. Let the kids enjoy the North American commercial Thor and learn about the "real" one later.

Got this for my son to read with his daughter...she is 4. Because daddy likes the Avengers and Thor...thought it would be fun for them to read together. They both thoroughly enjoyed.

This is a great book for younger kids just getting into the superhero universe. The book is age appropriate (my son is 5 at the time I am writing this) and well written. More importantly (for me), its length makes it a good candidate for bed time reading - it's a nice quick read.

The book was ok . Just wish that stickers would been place differently.
