My daughter used the textbook for a summer class and got great use out of it. The bonus is that I didn't need to purchase a new textbook for an 8-week summer class.

Material as described. Packaging was not great and was torn open on one corner and additional

damage to cover of book (only).

It was worse then stated. Cover was coming off with, damage. I had to use masking tape to hold cover, and used white off for the stamp and markings.

EXCELLENT
