Have You Seen My Dinosaur? (Beginner Books(R))

Synopsis

How do you find a missing dinosaur who's large and green and likes to roar? When a little boy's dinosaur decides to play hide-and-seek, he is surprisingly difficult to track down. Veteran illustrator Joe Mathieu's dinomite illustrations and Jon Sargal's saur-ing verse will have kids roaring with laughter as they romp through this funny rhyming Beginner Book. Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Customer Reviews

PreSchool-Grade 2 "This entertaining Seuss-style story will have dinosaur enthusiasts clamoring for more. Charming cartoon illustrations provide an amusing complement to the rhyming text. A boy looks around his home and travels around his community in search of his large, green "he likes to roar" dinosaur. The frontispiece shows a silhouette of the boy with the dinosaur tiptoeing behind him; it will get readers hooked from the start. Even the title page contributes to the story. A great hide-and-seek adventure for beginning readers." Melissa Smith, Green Valley Library, Henderson, NV (c) Copyright 2010. Library Journals LLC, a wholly owned subsidiary of Media Source, Inc. I bought this for my cousin when he turned 4. He absolutely loves this book, he is now 6 and has it memorized!!! The first time we read this book, I had to read it to him 5 times before he could put it down.

Both my 2 yr. old granddaughter and 4 yr old grandson loved the book. They were fascinated with the fact that THEY could see the missing dinosaur and all the people in the book couldn't. When I read the book aloud for the first time to my grandson, I wondered if he would answer the author's question "Will ask you?" Immediately he answered. I have read and reread the story and every time it's great. Enjoyable for kids and adults.

My 6 year old who is in kindergarten absolutely loves this book! Easy to read!

I got this book for my 2 and 3 year old boys. This is a book that I actually enjoy reading to the kids and the kids love to hear it! We have read it so many times we have it memorized and find ourselves quoting the book all the time! It is funny and cute and the rhymes are great. This book will also be good for when the boys start learning how to read.

I cry every time my 2 and a half year old grandson reads me this book. I own 3 copies so he can always have a book in multiple locations.

My grandson is really into dinosaurs and loves this book

It came highly recommended by a friend, was bought as a gift and feedback was that the book was wonderful!

perfect book for our grandchild
