The vampire bunny Bunnacula has disappeared from his cage, and it's up to Harold, Howie and Chester to track him down in this fun kids' audio. Enjoy a zany mystery spiced by humor and elements of the supernatural. -- Midwest Book Review --This text refers to an out of print or unavailable edition of this title.

CHESTER, the cat, Harold, the dog, Bunnacula, the vampire (?) rabbit, and Howie, the wirehaired dachshund puppy, return in this sequel to Bunnacula: A Rabbit Tale of Mystery and Howliday Inn to ask the question: Who knows what evil lurks in the hearts of lettuce? Chester has just finished retelling the tale of Bunnacula to Howie, who has just joined the Monroe family, when he discovers

that Bunnacula is missing from his cage. Chester stays up all night worrying. What becomes of the vegetables Bunnacula attacks (for he is after all a vegetarian vampire)? Do they become vampire veggies serving their master's evil ways? Certain that the town is crawling with killer parsnips and homicidal heads of lettuce, Chester sets out with Harold and Howie and a box of toothpicks for spearing the little devils through the heart. En route to finding Bunnacula, driving tiny stakes through whatever white vegetables lie in their paths and thereby saving the town of Centerville, the threesome have more than their share of adventures, including an encounter with an ill-tempered white cat named Snowball and an unexpected trip to the town dump. Finally the strange actions of everyone in town, including Toby and Pete Monroe, convince Chester that he may be too late, that Bunnacula and his minion vegetables may have taken over the town. Chester and his merry band race to save what souls they can. But, of course, Chester has been known to be wrong before.

Part of my childhood passed onto the next generation :)This series was one of my favorites, funny, cute, and perfect for "big kids" who have outgrown the young kid books but aren't quite ready for the teen fiction section at the library.

To avoid sibling fights at the dinner table when they were younger, my husband and I started to read to our children during meals (we each chose a book, in turn, as the last was finished). This was one they had bought at a school Book Fair and we all had a jolly time reading it. The animal characters are adorable and the situations funny and just-enough-scary for kids. In fact, they liked it so much that my daughter recently had me buy the set for her own sons as a gift and they have loved them, as well.

My family loves all of the Bunnacula books. We think everyone should experience the Bunnacula series. The binding is secure, the cover art is lovely and the story is unforgettable. The weight of the paper used for the cover is a little thin but for the price we aren't complaining too much. A great buy!

I read this when I was in elementary school, and my little ones still love it! This is a great series that is perfect for young readers. My little ones are around 6-8 years old and enjoy these books.

The fun never stops with Harold and Chester. I collect rabbit themed items and was buying a book for my friend's child when I caught sight of Bunnacula, the first book in the series. Naturally I bought

it, who can resist a vampire bunny? Hilarious, so I've kept collecting. Just finished this book and looking forward to starting the next.

Yes, I am a grown woman who is addicted to the Bunnacula books. I thumbed through one once and was hooked. These are perfect for any age group!

This copy a little more worse for wear than I expected. But the book arrived on time and makes my child very happy, as she adores this series.

Both my boys loved this series and now I'm buying for my grandson to enjoy!
