Customer Reviews

This is an excellent country guide that gives you such a wide range of truly in-depth information on the country's culture, arts, folk heritage, history, language, way of life - not just the usual tourist attractions, as most other guides do. This is what actually sets it apart from your "conventional" travel guide. It is a delight to read - I started leafing through it casually when I received it and ended up not being able to put it down for the next few hours, I found it so captivating. And the photographs are just beautiful. Speaking of which: this guide, compared to most other guides I know, is simply teeming with great quality color photos! Here I must congratulate Kathy Kavalec, a keen photographer I know personally, on her exquisitely artistic "Sighisoara passageway." Strongly recommended if you are not simply after a conventional travel guide but rather after a more comprehensive, lavishly illustrated presentation of the country's rich cultural and geographic diversity. Worth every penny.
