The Great Barrier Reef: A Journey Through The World's Greatest Natural Wonder

Synopsis

A stunning visual document of one of the most incredible sights on the planet, with a separate pull-out map and tips on making the most of a trip to the Reef. For many, the thought of the Great Barrier Reef conjures up images of azure waters teeming with colorful fish against a background of colorful coral of every shape, color, and form imaginable. Yet this book reveals how much more there is to the Reef. It is a massive, complex ecosystem, and one that has gone through enormous changes throughout the history and evolution of our planet. Produced in partnership with the BBC, this book takes readers on a journey along Australia's northeastern coastline, through the diverse range of habitats that make up this extraordinary water world. Along the way, they will discover how the Great Barrier Reef was formed, learn about life on the Reef, and meet the plants and animals that inhabit it. It also looks at the environmental challenges facing this incredibly delicate ecosystem, and what the future may hold. Illustrated in spectacular full-color photography throughout, it also features hints and tips on how to make the most out of any trip to the Reef, making it the ultimate guide to one of the most treasured natural wonders of the world.

Customer Reviews

Len Zell is one of the world's foremost authorities on the Great Barrier Reef. He is a prolific writer, illustrator, and photographer and the author of *Lonely Planet Diving & Snorkeling Great Barrier Reef*. He is highly sought after as a field guide for his extensive knowledge, and his contributions to marine science have been acknowledged by having two species of coral named after him.

Very nice book, bought as a gift for my wife who is wanting to learn more about the Great Barrier Reef. Lots of amazing pictures and good detailed write-ups of locations.

nice book, quick ship

Well presented and written. Excellent photography. Good companion to book by Dr. Ayling. Included map is nice bonus for following locations discussed.

This book is so beautiful and so well done, I just love it and would highly recommend it to anyone interested in the Great Barrier Reef

Amazing book, delivered on time in mint condition a great addition to the reef..

It was a gift to a couple before their first dive at the Great Barrier Reef. They were thrilled with the book.
