# Go To School, Little Monster

## Synopsis

Welcome, Little Monster, to your first day of school. Little Monster is going to school for the very first time. That means he'll be meeting all the other little monsters, including one who has really big teeth and draws scary pictures. Who will ride the ogres and dragons with Little Monster at recess, and listen with him during story time? And what happens when Little Monster realizes he forgot his lunch? It's a good thing Mr. Drool is there to guide Little Monster the whole day through. Helen Ketteman's soothing rhymes and Bonnie Leick's sweet watercolor illustrations combine to create a reassuring first-day-of-school story that's perfect for little monsters everywhere.

## Customer Reviews

My boys loved "Goodnight, Little Monster" so naturally I had to get this. The smooth rhythm and adorable pictures make it a fun, calming read that my kids love. They especially love looking at all the new monsters and monster snacks introduced in this book; who doesn't love worm and bat

wings as a snack? Little Monster faces some of the same nervousness and hesitancy that any new student faces, its a perfect book for a kid about to go to school for the first time.

If your kiddo is like mine and very interested in all things non-human, then he or she will LOVE this book. What I enjoy the most about it are the wonderful illustrations! The pictures on this site do not do justice to the amount of detail and scale of these drawings. This book has a great rhythm, lovable characters, and will become an instant favorite for your household.

I have another one of Helen Kettermann's books and I have to say I am a fan. They are well written, easy for adults to read and my grandson loves to listen. The illustrations are fantastic and the book in general is organized well. Have nothing but good things to say about her children's books. My grandson likes them, so all is well.

The 2 Little Monster books are just wonderful. Lots to talk about on each page with my 4 and 5 year old grandkids. I love the art and the story is very sweet.

LOVE LOVE LOVE this book!! It's companion is really great too, Go To Sleep Little Monster. Such cute illustrations and fantastic for my almost 4 year old

My 6 year old grandson enjoyed this book. It was easy for him to read and kept his interest.

A real cutie , for the little kiddies, loved it

Fantastic book that truly helped my kindergarten-aged son get past some first day jitters. The author does a fantastic job of addressing several scenarios that may seem scary to your 4 or 5 year old with plausible and pleasant outcomes. The wonderful illustrations are icing on the cake. My son still chooses it regularly as one of his bedtime stories. As stated earlier, the book wonderfully assuaged my son's trepidations regarding going to school, and I could not recommend it more.
