Van Gogh (Basic Art Album)

Synopsis

Tortured talent: The genius and the angst of an Expressionist master – Vincent van Gogh's story is one of the most ironic in art history. Today, he is celebrated the world over as one of the most important painters of all time, recognized with sell-out shows, feted museums, and record prices of tens of millions of dollars at auction. Yet as he was painting the canvases that would subsequently become these sell-out modern masterpieces, van Gogh was battling not only the disinterest of his contemporary audiences but also devastating bouts of mental illness, with episodes of depression and paralyzing anxiety which would eventually claim his life in 1890, when he committed suicide shortly after his 37th birthday. This comprehensive study of Vincent van Gogh (1853–1890) pairs a detailed monograph on his life and art with a complete catalogue of his 871 paintings. About the Series: *Bibliotheca Universalis* • Compact cultural companions celebrating the eclectic TASCHEN universe at an unbeatable, democratic price! Since we started our work as cultural archaeologists in 1980, the name TASCHEN has become synonymous with accessible, open-minded publishing. *Bibliotheca Universalis* brings together nearly 100 of our all-time favorite titles in a neat new format so you can curate your own affordable library of art, anthropology, and aphrodisia. Bookworm's delight • never bore, always excite!

unavailable edition of this title.

Rainer Metzger studied art history, history and German studies in Munich and Augsburg. He received his doctorate in 1994, and has worked as a fine arts journalist for the Viennese newspaper Der Standard. He has written numerous books on art, including volumes on Van Gogh and Chagall. Ingo F. Walther (1940–2007) was born in Berlin and studied medieval studies, literature, and art history in Frankfurt am Main and Munich. He published numerous books on the art of the Middle Ages and of the 19th and 20th centuries. Walther's many titles for TASCHEN include Vincent van Gogh, Pablo Picasso, Art of the 20th Century, and Codices illustres.

To get a look at everything he painted that still exists was wonderful, and to learn that there is more than one "starry night" motif in his paintings was the best surprise ever.

My favorite painter is presented in this book as a mysterious man he used to be. You will get the best explanations of his work, every painting description and the story about its creation. Love Van Gogh and I was very pleased with this book.

I gave this book as a gift and I believe the person I gave it to, will most certainly enjoy it. I had the occasion to have some time to really get a whole new insight to Van Gogh and I found it a wonderful history of such a talented artist...I liked it so much I may get a copy for myself....It is the kind of book to look at and marvel at all of his paintings.....

I adore this book, it is a smaller version of the other one but I don't mind it at all. I love the cover, the size of the book and all the content. The text is somewhat small, so if that's hard for you to read, I wouldn't recommend it. But overall this book is everything I expected. Will fit great within my Van Gogh collection. I highly recommend it, if you are a big fan of him.

Thought the book would be in a wider format. Instead it's a very thick and tall book. It's printed nicely, but wish it was easier to read due to its format.

Really great book. I am studying artists and Van Gogh's life and talent and energy in his work is wonderful to learn. Thank you for this book.

Exceptional text with beautiful pictures of van gogh's collection

Super quality printing and book construction...solid!
