Boston Marathon: History By The Mile (Sports)

Synopsis

From Hopkinton to Boylston Street, the beloved 26.2 miles of the Boston Marathon mark historic moments and memories dating back to 1897. Town by town and step by step, follow author, journalist, and runner Paul C. Clerici as he goes deeper into each town and city along the route with firsthand descriptions of the course from the uphill climbs to the spirited sprints. Insightful anecdotes, from the naming of Heartbreak Hill to the incorporation of women runners, reveal meaningful racing heritage along the route. This comprehensive and unique journey also explores the stories behind notable landmarks, statues, and mile markers throughout the course. Woven into the course history is expert advice on how to run each leg of the race from renowned running coach Bill Squires. Whether you're a runner, spectator, or fan, "Boston Marathon History by the Mile" has it all.

Customer Reviews

Paul C. Clerici is a freelance journalist, writer, photographer and former newspaper editor and sports editor. A dedicated runner, Clerici has competed in nearly every distance from the mile to the marathon, including 2 triathlons, more than 40 marathons, and the Boston Marathon more than 20 years in a row. First woman to run the BAA Boston Marathon

This book is thoroughly entertaining, informative, well written and contains a wealth of useful

information about the Boston Marathon course towns and influential people. Updated to include a memorial section on the 2013 bombings, the memorial is entirely appropriate and fits with the rest of the book really well.

my cousin just ran boston, and this made an excellent addition to her running book collection with interesting history and excellent photography

A gem of a book about a revered sporting event; facts and anecdotes aplenty in a breezy prose. A must for runners.

great book - read it the day before I ran it -

Great book with plenty of history

Boston bound 2017!

thank you
