# Exodus (The NIV Application Commentary)

## Synopsis

Most Bible commentaries take us on a one-way trip from our world to the world of the Bible. But they leave us there, assuming that we can somehow make the return journey on our own. In other words, they focus on the original meaning of the passage but don't discuss its contemporary application. The information they offer is valuable--but the job is only half done! The NIV Application Commentary Series helps us with both halves of the interpretive task. This new and unique series shows readers how to bring an ancient message into a modern context. It explains not only what the Bible means but also how it can speak powerfully today.

## Book Information

Hardcover: 624 pages

Publisher: Zondervan; First Edition edition (March 1, 2000)

## Customer Reviews

Exodus tells us what God is like, what it means to be the people of God, and the great lengths God will go to keep his people close to him. But it is more than a powerful theological statement in its own right. It is also one pivotal chapter in a grand story that reaches its climax in the cross and the empty tomb, and that continues to reach across the centuries to us today.

Peter Enns [editor, please supply bio information missing from PIF

Great purchase.

One of the best Exodus commentaries I have come across. Readable, organized well, insightful,

and also offers some possible application to consider.

As advertised.

God commentary but exodus chapter 3 needs more explanation, cause the name of God is not Yahweh or Jehova , and the author just give a little bit information about that.

Extremely helpful for learning how to understand Exodus canonically and Christ as telos of the whole of Scripture. It is extremely practical and helpful for any teacher/preacher of the Word.

My husband sure like's this book.

As with all of the other fine commentaries in this series it breaks each section of Scripture into 3 sections: 1)an "original meaning" section which gives a thoughtful interpretation of the passage. 2) a "bridging contents" section which draws forth timeless theological principles that are applicable for God's people in any place, time, and era and 3) The "contemporary significance" section which is intended to give the modern reader a "bonifide" (not moralistic i.e., "do this...don't do that...be like him...don't be like them..) application based on what it meant to the original readers. Although the author doesn't deal with interpretive issues in-depth (because this isn't the aim of the series), he does do a fine job of getting to the "interpretive" heart of the matter (although, at times, I felt he overdid the "re-creation" motiff). Along the way He shows how the book of Exodus written so long ago is of vital significance to God's people today. This work fills a great gap in evangelical literature on the book of Exodus and gives relevent application for readers of all theological persuations. In all, this book and the series of which it is a part, is a tremendous resource for the Pastor/teacher/layman!

Extremely well written. Great insights into the more difficult passages. This series is tremendous and this book is no exception.
