I loved reading about the Ketogenic Diet, the author does a really great job at going over the history and how the diet became so popular! The book is also filled with recipes, that I found to be easy to prepare and cook. The recipes in this book are well written and I also found them to be very delicious. The author also does a great job for motivating you to stay on track, she gives many tips and advice for staying on the ketogenic diet, such as being able to plan your meals ahead of time.

Around our house, we are convinced that Paleo is the way to go. I'm the main cook for our family, so I'm always on the lookout for new Ketogenic recipe books.
