Dr. Stephen R. Covey is an internationally respected leadership authority, teacher, author, organizational consultant, and co-founder and vice chairman of Franklin Covey Co. He is author of *The 7 Habits of Highly Effective People*, which *Chief Executive* magazine has called the most influential business book of the last 100 years. The book has sold nearly 20 million copies, and after 20 years, still holds a place on most best-seller lists. Dr. Covey earned an MBA from Harvard and a doctorate from BYU, where he was a professor of organizational behavior. For more than 40 years, he has taught millions of people – including leaders of nations and corporations – the transforming power of the principles that govern individual and organizational effectiveness. He and his wife live in the Rocky Mountains of Utah.

My husband has been listening to the CD in his car before and after work. He has found it to be very helpful. It offers true insight and attainable goals for improving your management skills. Several portions have made him see how some of the ways the management at his location does not see results from the staff largely due to the ways they deal with them.

Great motivator with great tips for manger mentoring.

Great topic and presented very well. Arrived on time as promised. Stephen Covey is one of the best teacher on business and on life. Recommend this to everyone.

I have listened to this several times while driving.It is a great reminder for some basic practices

Kinda slow (but that's his style) and not a lot of depth (what are do you expect from one CD that, again, goes quite slowly).I recommend buying one of the longer programs, you'll get more out of it.

great easy listen, short and fast and straight to the point. Not so much useless talk. I would recommend it to anyone.

Uneventful. Some decent information but not quality packed, useable tips overall.
