# Grammar Workbook For The SAT, ACT, And More, 3rd Edition

## Synopsis

A solid command of English grammar is a prerequisite for success when students take the SAT and/or ACT. This workbook presents a detailed grammar review with dozens of practice quizzes and exercises to sharpen students' skills. It begins with an explanation of grammatical terms and their functions. It then introduces the 24 most common grammar and usage questions that appear on the SAT and ACT and how to answer them. Prominent among them are questions on agreement between subject and verb, use of pronouns, verb forms, parallel structure, and diction. A final chapter focuses on advice and instruction for writing error-free SAT and ACT essays. This workbook is filled with sample questions exactly like those found on both the SAT and ACT, and comes with fully explained answers.

## Customer Reviews

George Ehrenhaft has been writing for Barron's for over three decades. During that time he has been the author or co-author of books on the SAT, the ACT, and both the AP English Literature and AP English Language exams. Other titles relate to English grammar and essay writing, especially writing college application essays. He has also written several Barron's Book Notes titles about literature, including *The Grapes of Wrath* and *A Streetcar Named Desire*. Ehrenhaft spent most of his career teaching English in Westchester County, New York, at Fox Lane and Mamaroneck High Schools. He is now a resident of Moraga, California, where he has become a prolific watercolor

painter.

Good

I am very pleased. The book arrived in a reasonable time and it is flawless! I will definitely order other books from this company. As for the book's content, the overview of Grammar is comprehensive and there are many tests to assess your strengths and weaknesses.

This English grammar workbook is most informative, has application for classroom usage. Straight-forward, full of examples, and practice sheets make language learning nonthreatening. Understandable grammar instructions help facilitate written language application. Highly recommended.

This book has some good grammar exercises, which I recommend for anyone needing to improve their ACT/SAT English score. It has about 20 sets of questions to work on different aspects of grammar. The explanations in the solutions are good as well.

The introduction says there are hyperlinks to the answers to the questions. I have spent over two hours trying to find them. Multiple searches for "answers", "checkpoints", "key", and other search terms led to strings of dead ends. Single and double tapping the questions themselves do not work. The table of contents does not list answers to checkpoints. And so on. I did find some "answers" at location 6299. Unfortunately, I do not know where the questions are that they answer. A Grammar "Workbook" without answers is as useless as a kickstand on a tank. Please, do not waste your time and money like I did.

Not my fave, a little dry. But it's okay.

Great Book

Not good teaching tool
