A Gatlin Wedding (Beautiful Creatures: The Untold Stories)

Synopsis

Does it always come down to Destiny? The Wheel of Fate? Who's behind that Wheel? What kind of idiot is doing the driving around here? The day has finally arrived: Mitchell Wate and Lillian English are getting married. Everyone has come together--Ethan and Lena, John and Liv, even Link is back in town--and there's enough pie to make Amma proud. But despite the joyous occasion, Ethan can't help but worry that something feels...off. When Siren-turned-Hybrid Caster Ridley blows into town unannounced, Ethan's suspicions are confirmed. And it's worse than he imagined: Silas Ravenwood is coming for them, and no one in Gatlin is safe. Has the Wheel of Fate finally caught up to them, or can the Casters and Mortals come together to stop it in its tracks? #1 New York Times bestselling authors Kami Garcia and Margaret Stohl reveal Gatlin's destiny in this not-to-be missed final installment of Beautiful Creatures: The Untold Stories. Word Count: ~13,000 words

Customer Reviews

About the last full book, Dangerous Deception, I said, "First, if you haven't read Dangerous Creatures recently, you might have to read it again--this book jumps right into the action with little

back story. Second, it's repetitive. Too much "I can't bear to be without her", Ridley in this case, from both the boys who love her. In fact, it should never have been a separate book but just edited severely and added to the end of the previous book. I read it all, just to find out what happens, but it's a real disappointment." The story of Ridley and Link seems to be taken up and moved along in this short story almost as an afterthought--does that mean there will be no sequel to Dangerous Deception? What's going on?

It was good getting back into the Gatlin world, but the story was rushed and many parts just did not seem true to the original characters life view and attitudes. That and the feeling of rushing through things made it a disappointment. Something definitely has been lost in this story that the originals had. Would love, absolutely love to have another story of Ethan and Lena as they move on in life, explore college together etc., but only if the authors can get back to the rhythm and pace and sincerity of the first books. It is that Ethan and Lena that will live with me always.

Great novella, but it would have been better as part of a larger novel. It feels more like a rushed attempt to finish up the story line, which is kinda a slap in the face to the reader.

pleasantly suriprsed by this. most of the smaller kindle books I wasn't a fan of. I love the book series, but the kindles were alright. this one though was epic! it also kinda wrapped up the small two book series with Rid and link , which was very nice!

I absolutely LOVED this novella! I was able to catch up with all of the characters and really got a sense of closure on the story. I'm sad that it ended but happy that Ethan and Lena remain happily in love!!

I loved reÃƒÂƒding this. Anything from beautiful creatures is a wonderful read.

I would definitely recommend this book. This book series is the best book series in my opinion. So if you are thinking about thos book sereis it will leave you reading well into the night and leave you hanging on every word till the end.

A Gatlin Wedding is another in a string of satisfying novellas set in the caster universe, this time taking us to the summer after Ethan's second year of college and giving us a glimpse into the

wedding of his father to his former English teacher. What I wasn't expecting from this novella, however, was the fact that the wedding is largely just a backdrop for the sequel to Dangerous Deception's cliffhanger ending and what seems to be an end to the Dangerous Creatures spinoff series. In that regard, things seemed unfortunately truncated and less than satisfying, with rushed bits of unexpectedly benign and glossed-over in-between backstory quickly jumping to a brief climax and overly convenient ending. I'm not sure if the spinoff series didn't do as well and was prematurely cut short with the authors trying to provide closure in novella form in lieu of a proper finale or what, but the series' complex twists and characters really deserved, at the very least, another novel to continue its ideas and wrap things up. So, overall, things are a bit of a mixed bag. On one hand, it's another solid visit to the characters we've grown to love, complete with the requisite nostalgia, underlying messages, and emotions that drew me to the other Untold Stories novellas. On the other, the story happens to bookend what seems to be a less than satisfying few-chapter finale to the two book Dangerous Creatures spinoff series that, while at least giving some closure, certainly shouldn't have been relegated to "untold story" status.
