A Concise History Of The Middle East

Synopsis

An introduction to the history of this turbulent region from the beginnings of Islam to the present day, this widely acclaimed text by Arthur Goldschmidt Jr. is distinguished by its clear style, broad scope, and balanced treatment. This book explores the evolution of Islamic institutions and culture, the influence of the West, the modernization efforts of Middle Eastern governments, the struggle of various peoples for political independence, the Arab-Israeli conflict, the reassertion of Islamic values and power, the issues surrounding the Palestinian Question, and the post-9/11 Middle East. The eleventh edition has been fully revised to reflect the most recent events in, and concerns of, the region, including an expanded and more nuanced discussion of the War on Terrorism and the Arab uprisings, coverage of the rise of ISIS, and a new chapter on the growing environmental problems of the region. In addition, the authors have incorporated new scholarship on the early history to provide a fuller picture of the political shifts and socioeconomic concerns of that time. With updated bibliographical sketches, chronology and glossary, *A Concise History of the Middle East* remains an essential text for students of Middle East history.

Customer Reviews

Praise for the Ninth Edition: "This is a text that breathes life into the history it presents. The authors both care deeply about the region; and both recognize the responsibility of their American readers (their primary readers) to understand, and in a general sense sympathize, with the life struggles of the people whose history they present; and whose history has become

increasingly intertwined with American global interests, often times, as they recognize and relate, to the detriment of people in the Middle East. The authors are not afraid to spell out these complexities in a style that is at once accessible and gently provocative. This is a text with personality."#151;Joel Gordon, University of Arkansas"Our students and faculty alike have found this to be a well-organized, comprehensive, balanced, and exceptionally readable textbook. The authors blend significant historical detail with timely political analysis in a cogent style that is compelling and lucid. The addition of frequent biographical sketches and side-bars on major events or political terms bring additional features that make this a compelling and one of a kind introduction to the Middle East."#151;Donald Wagner, North Park University, ChicagoPraise for the Tenth Edition:

"Praise for Previous Editions" This is a text that breathes life into the history it presents. The authors both care deeply about the region and are not afraid to spell out these complexities in a style that is at once accessible and gently provocative. Joel Gordon, University of Arkansas "A Concise History of the Middle East" is in a class of its own. It is the best and easiest way to comprehend Middle Eastern history as a whole. T. Hunt Tooley, Austin College "A Concise History of the Middle East" is a studious and scholarly delve into history and the explorations of culture a vital read. "The Midwest Book Review," January 2013 An introduction to the history of this turbulent region from the beginnings of Islam to the present day, this widely acclaimed text by Arthur Goldschmidt Jr. is distinguished by its clear style, broad scope, and balanced treatment. It covers a vast range of topics including the evolution of Islamic institutions and culture, the influence of the West, the modernization efforts of Middle Eastern governments, the struggle of various peoples for political independence, the Arab-Israeli conflict, the reassertion of Islamic values and power, the issues surrounding the Palestinian Question, and the post-9/11 Middle East. The eleventh edition is fully revised to reflect recent events in the region, including expanded and updated discussions of the War on Terrorism and the Arab uprisings, plus coverage of the rise of ISIL. The text also includes a brand-new chapter on the environmental problems of the region, which increasingly affect its dynamics and politics. With updated electronic supplements including a test bank, bibliography and digital maps, "A Concise History of the Middle East" remains the quintessential text on Middle East history. Arthur Goldschmidt Jr. is professor emeritus of Middle East history at Penn State University. He is the author of *Modern Egypt: The Formation of a Nation-State*, and the recipient of the 2000 Middle East Studies Association Mentoring Award. Aomar Boum is assistant professor of Anthropology at the University of California, Los Angeles and Faculty Fellow at the University

Internationale de Rabat, Morocco. He is the author of *Memories of Absence How Muslims Remember Jews in Morocco.*"

Had to have this book for a class, I did not enjoy the book. I felt that the book was disorganized, and jumped around too much, especially in the first half of the book. I wish it would have stayed consistent in the timeline.

Book arrived in excellent condition.

Great book and very correct

An interesting book.

It's history - it's a well written readable history book.

Very good

Well organize, easy to read reference introducing Middle East cultures, religions & political history from approx. 500 AD to present.

It was the right book and cheaper than anywhere else.
