Customer Reviews

This book is fun and fanciful and it teaches one a few things about history at the same time. I have not yet read the other books in the series, but now I want to read them all. This book would be especially fun to read as a family. Even young children could understand the story and it has enough excitement to keep the older children entertained. I certainly enjoyed it and I am a grandma! This author sure knows how to write a good book and I will continue to read everything

that he writes.

The school is also happy with condition of this book.

I purchase this series of books for my 12 year old Grandson who has enjoyed this series. He uses these books for book reports in his 6th grade class.

My niece will love this.

Excellent

My son is in love with this book series. One of the few series I get that he'll read.

I bought this for my son, he is 10. He read the first six and loved them, I recommended it. It is a good item. Thank you.

This was an exceptionally written book, with a great storyline...typical of Matthew J. Kirby, who is a superb writer. Excellent!
