Book

It's very suitable for the class I used it for. However, in my class I only needed to use it once or twice. It was cheap enough that it didn't bother me. I liked the book over all, many short stories and quizzes to follow. Highly recommended!

This is an awesome book, full of short stories. We are reading it in my en102 class, and I like it a lot. Word to the wise; If you are buying this for a class, check with the teacher on the publication date. I purchased the wrong one because it was \$40 cheaper. Same book, but different stories, so be careful.

I use this in my classroom. The kids seem to enjoy the stories and it is easy to carry and read.

These stories are short and engaging and from a variety of cultures. I use it in a high school English class and my friend uses it for video production.

Like everyone else says, it's a great book: interesting stories and good follow-up exercises for your students: true/false questions, discussion questions, vocab questions, and writing questions, plus more. For teachers without time to prepare something, this is the book. Mine is 86 edition with 450 pages, tan and blue hardcover. Got it for like a buck used. Here are the titles of stories inside: the dinner party, who's there?, the path through the cemetery, you can't take it with you, the storyteller, gentleman of rio en medio, miss brill, thank you, m'am, all the years of her life, the rifles of the regiment, all in a summer day, the sniper, too soon a woman, the wild duck's nest, father and i, the tell-tale heart, birthday party, zlateh the goat, the first death of her life, a game of catch, the story of muhammad din, a secret for two, the chaser, the princess and the tin box, ah love! ah me!, the emperor's new clothes, a nincompoop, old man at the bridge, the phoenix, the spider's thread, august heat, the father, luck, war, the gift of the magi, mason's life, stolen day, the fun they had, home, a pair of silk stockings, success story, the snake, the death of the dauphin, charles, rolls for the czar, the eclipse, love, the vampire, the trout, and difficulty with a bouquet. the stories are divided into 8 chapters: plot, character, setting, point of view, tone, theme, total effect, and more stories. There u have it. Snag it for a couple bucks and u got a great deal.

excellent source of education for ESL students, very interesting and easy to read book!
