ISBN-13: 978-0870332227

Product Dimensions: 0.5 x 6.2 x 9.2 inches

Shipping Weight: 8 ounces

Average Customer Review: 3.6 out of 5 stars 3 customer reviews

Best Sellers Rank: #1,800,594 in Books (See Top 100 in Books) #53 in Books > Engineering & Transportation > Transportation > Ships > Boat Building #3209 in Books > Engineering & Transportation > Automotive > Repair & Maintenance #11858 in Books > Science & Math > Technology

Customer Reviews

Book by Petrick, Paul J.

Great technical information. Mr Petrick reveals many "Lost" techniques, or many available only as industry inside secrets. One thing to keep in mind with books of this vintage though, is that many of the products used in the book will no longer be available, or may have names, or chemical compounds that have changed over the years. All in all this book holds much valuable information for the craftsman, as well as the professional wishing to "Bone up" on repair as well as fabrication of fiberglass pieces.

This provided some helpful tips to working with fiberglass.

From simple explanations to hands on helps you to be a glass guy!
