Both my husband and I love to make tacos and have been expanding our taco repertoire. We are way beyond the ground hamburger tacos and are always looking for new taco recipes to try or inspire us. "Grilled Halibut Tacos" and "Salsa Verde" were the two first recipes from "Taco Night" that I tried. Both were very good. I like vegetarian and fish taco recipes and this cookbook has some interesting ones that I cannot wait to try this week (ex: "Grilled Portobello & Chile Tacos w/Smoked Crema"). Fresh ingredients and a dash of sophistication describe these recipes. If you like photos in your cookbook, this book is loaded with tasty looking photos to whet your appetite.

I love this book. It has some great recipes. You can also use the recipes as a springboard. Williams - Sonoma always delivers in my opinion. Not a ton of specialty items. Easy to prepare but also interesting. I already made a few recipes and have loved each one.

Made the Chicken & Bell Pepper Fajitas and the Chunky Guacamole tonight. Both were fantastic! Best I've ever made. I can't wait to try more of the recipes.

Oh these recipes look yummy! Can't wait to try some.

Best taco book ever! lovely pictures.

haven't cooked anything yet, but, has some awesome recipes and pictures.

I make tacos every Tuesday and was getting bored with my recipes. This cookbook has helped me switch things up instead of making the same type of tacos all the time.

Got this for my dad as a present! The food is great and he loves using the recipes.
