HEADMASTERED

Synopsis

While attending a prestigious finishing course for ladies aged eighteen through twenty-one, a boarding program designed to match ladies with the most eligible bachelors in all of England, poor Alice Carmichael is accused of engaging in some highly improper exploratory behavior. Alice hadn't meant for her hands to wander all over her own nubile twenty-year-old body, but she cannot bear to admit to her crime. Deciding that Alice's infractions are beyond the usual disciplinary methods, the Headmistress sends Alice to the Headmaster's Office to be properly dealt with. Seven hours alone with the Headmaster? What sort of lessons will Alice learn from the stern and attractive older man? Expect discipline, and a fairly thorough "education." Standalone story with a very happy ending.

Customer Reviews

I voluntarily reviewed an advance reader copy of this book. Alice Carmichael is a high spirited girl who hates living with her uncle and has fantasies about the discipline she would get for being naughty at the Somersby Finishing program. Once there, girls are educated until a prospective

husband comes for her. No one has come for Alice. Just thinking of being sent to the handsome Headmaster is enough to send her senses reeling and when it finally happens, she is excited and terrified. Spanking romance, hand and slipper.
