Synopsis

Updated December 1st, 2016 Completely Based On Customer Feedback. Congratulations!
You've found The Ultimate Portable and Informative Travel Guide To Japan. Why You
Need Lost Travelers First we would like to thank you for considering Lost Travelers as your guide
book. Allow us to explain our beginnings, and the reason we created Lost Travelers. Lost Travelers
was created due to one simple problem that other guides on the market did not solve; loss of time.
Considering it's the 21st century and everything is available on the internet why do we still
purchase guidebooks? To save us time! That's right. Since the goal is to be efficient and
save time, we did not understand why there are several guidebooks on the market that are of 500 to
1000 page long. We do not believe one needs that much bluff to get an overview of the
location and some remarkable suggestions. Considering many guidebooks on the market are filled
with "suggestions" that were sponsored for, we have decided to take a different
approach and provide our travelers with an honest opinion and decline any sort of sponsorship. This
simply allows us to cut off any nonsense and create our guides the Lost Travelers style. Our mission
is simple; to create an easy to follow guide book that outlines the best of activities to do in our
limited time at the destination. This easily saves you your most valuable asset; your time. You no
longer need to spend hours looking through a massive book, or spend hours searching for
information on the internet as we have completed the whole process for you. The best part is we
provide you our e-guides for one third the price of the leading brand, and our paper copy for only
half the price. "The World Is A Book And Those Who Do Not Travel Only Read One
Page" - St. Augustine Here Is A Quick Preview Of Our Guide

Customer Reviews

You definitely do not wish to be lost in your travel, do you? This travel guide is your best travel partner should you have any plans in taking a trip to Japan. It enumerates all the beautiful places you wish to go and see, what and where to eat, where to stay and many more. The places for accommodation and food are categorized according to your budget, so you could comfortably settle and enjoy your stay in the "Land of the Rising Sun"!

Thought I would take a chance and found the book to be of marginal value. Good background on the cities covered and a few recommendations for hotels and restaurants but the sites are just listed with no ratings or descriptions. The one thing that I needed was not included, namely recommendations on sites to visit.

The quick history lesson was a short overview. The 3 words to use and the app suggestions were helpful. But I wanted more in depth description of the sights to see. It contained only a list which I did not find helpful. The sections on where to eat were minimal at best, but I need a list of what the foods are. Would not recommend this travel book.

I have always had an interest in Japan and its history, I found this book through a friend of mine, and must I say that it has some really great and interesting information, I would definitely recommend it! I find Japan and its history fascinating, especially as a kid I used to love Samurai movies and books. Anything from Kill-Bill to Shogun (The book). Also love Tokyo, and I would like to

go again soon, Such a great City.Thanks for a great book!

As a guy fascinated with Japan and its culture this guide covers everything you need to know if you plan to visit the "Land of the Rising Sun". It gives you an information about all the famous places - where, how and what. Very detailed and structured information regarding food and accommodation in different price range. Definitely buy this book if you want to be comfortable in your travel in Japan.

I've seen my friend with a lost travelers guide for London and he suggested me to use them and by all means he told me one thing and that is spot on, he told me "Its straight to the point no fluff under 100 pages" and from my experience with Lost travelers Japan guide it was. I would suggest checking them out and be the judge yourself.

I love this travel guide! It has already brought me to Japan. Complete guide, it has even provided me with historical facts and interesting facts about Japan. Now if you are planning to have a vacation in Japan, you better check this one because this book is the best guide that I've been seen so far!

Only the main cities are mentioned with general information. No further background on other touristic spots in Japan. No maps included.Luckily I ordered the e book version the hard copy would have been a waste of money
