Customer Reviews

I loved this book, as well as the others 2 in the series. Dee Henderson just does such a great job of bringing you into the story and making it believable in the persons struggle to believe in God and you go through their navigations of finding God again because He is always 100% true, but for

some it takes a while to see that. It's inspiring and uplifting but also has romance and mystery. A book of many genres into one and I can't get enough of the O'Malley family! I would recommend this series to anybody! :)

As always with Dee Henderson's book, this was a thriller. She produced profound Biblical truths concerning the resurrection that should enlighten any Christian in presenting the gospel of Jesus to lost sinners. Mystery and romance at its best. I so appreciate reading books that exclude dirty language. Would recommend this book to all my friends.

I love Dee Henderson's writing. Each of the O'Malleys have different personalities. Ms. Henderson keeps the other siblings in the book. But each book is about one brother/sister in the family. My favorites are Danger in the Shadows and The Negotiator, which are conveniently the first two in the series. I would recommend them all. You won't be disappointed.

I've loved all the books in the O'Malley Series so far, but this one really ramps up the action. Though Henderson has a habit of using a name more than once in her stories—like in The Negotiator, she named a restaurant Quinn's and she had a character named Quinn. In The Truth Seeker, she had a painting by an artist named Sinclair and a restaurant named Sinclair. She had a missing teen named Amy and a little girl at Jennifer's wedding also named Amy. This can be a bit confusing, but don't let that stop you from reading her work. She's a talented writer and her characters come alive. Henderson knows how to yank the reader into the scene and not let them come up for air until they turn the last page.

This book is part of a series I stumbled onto about a group of 7 orphans who banded together to form a family, the O'Malleys. It is fast paced, uplifting Christian fiction with action, amazing characterizations, romance and even theology. My husband is reading book 2 and really enjoying them. This one's about Lisa, a physician forensic pathologist working to solve a crime with a federal marshal. Very good.

If you question the Resurrection of Jesus, this is a very good read for you as it answers that question in a very understandable way. Also shows choosing to believe is your Choice. The author shows great skill in stating TRUTH while still loving to show that the characters are well into our hearts as we continue our page turning to find the HEA. This series is not your typical HEA but it

goes quietly deeper with each book.TOTALLY RECOMMEND THIS SERIES!!! Blessings to the author as well as my fellow readers.

Lisa O'malley comes off from the very begining as a very fascinating character. She is smart and funny. She has a very grim job, but she keeps her witts about her, and quite honestly the investigative process is seen more clearly in this book...and I loved that. The mystery seemed deeper than in the previous books and you can see that Dee Henderson is getting better and better. I also adored Quinn, he is a cowoboy, a marshall, and above all else a gentleman who doesn't push himself on people. Both Quinn and Lisa have a past, and both pasts are dark and full of pain. Together they overcome a lot, including their own pride. The only reason however that I am only giving it 4 stars is because as in the other books the ending could have been more. What I mean by that is, it could have been harder to get to saftey, it could have been more dangerous--instead the resolution seemed to be too easy. It came to a cilimax and then fell swiftly and I could see a whole lot more potential for that particular scene. But I do see improvements from the previous books and more mysteries being revealed about the O'Malley's sooooo... I will continue reading!

Seeking the Truth about Crimes committed is the life work of this O'Malley. She finds the real Truth in her search.
