Pimsleur GoGerman Course - Level 1 Lessons 1-8 CD: Learn To Speak, Read, And Understand German With Pimsleur Language Programs (go Pimsleur)

Synopsis

The Pimsleur® Method teaches speaking and understanding right from the start. For almost 50 years, in over 50 languages, the Pimsleur® Method has been recognized by experts worldwide as one of the fastest and most effective ways to learn to speak another language. With Pimsleur you will learn German in the same way you learned your first language as a child, acquiring the vocabulary of the new language, along with the melody, rhythm, and intonation of German as used in everyday conversation.

The Science of Memory Dr. Paul Pimsleur's research on memory was one of his most significant achievements: he discovered that if reminded of new words and information at gradually increasing intervals of time, the learners would remember the words or information for increasingly longer periods. Dr. Pimsleur documented that the acquisitions would actually move from short-term into long-term, or permanent, memory.

The Reading Program Pimsleur Language Programs use the same revolutionary learning Method to teach you to read, as well as to speak. You will start by sounding out German, learning to associate the new sound system to the English alphabet you know. Gradually you will learn to look at the words and see them with "German eyes." And you will learn to read German without an English accent.

Learn on the Go! goGerman makes it easier than ever to use the Pimsleur programs by including the spoken lessons in two audio formats. Now you can listen anytime, anywhere: in your car or at home and on your MP3 player.

This package contains:

Customer Reviews

Dr. Paul Pimsleur devoted his life to language teaching and testing and was one of the world's leading experts in applied linguistics. After years of experience and research, Dr. Pimsleur developed The Pimsleur Method based on two key principles: the Principle of Anticipation and a scientific principle of memory training that he called "Graduated Interval Recall." This Method has been applied to the many levels and languages of the Pimsleur Programs.

Started to use and was surprised at what I was able to retain and understand. Still have a long way to go but it seems when I get further with the language hopefully I will be able to pronounce the words better. I tried another product that had pictures but I could not remember the words. This method for me at least had greater retention.
