Sex And The City: Kiss And Tell

Synopsis

After six wildly successful and critically acclaimed season, HBO's Sex and the City lowered its curtain with an extraordinary finale befitting its remarkable run. Now Sex and the City, the first true comedy about sex and love from a female point of view (and the show that made cosmopolitans and designer shoes part of every single woman's night out), lives on in this luscious, uniquely entertaining, and one-of-a-kind book. Sex and the City: Kiss and Tell, the official companion book, celebrates the show with behind-the-scenes stories on all six seasons and original interview with each of the primary actors. Ever wonder which designer made that outrageous outfit of Carrie's? What real-life stories inspired those shocking episodes? How many dates the fabulous foursome have really been on? Packed with over 750 full-color photographs, this stunning volume will answer all these questions and more with information not available anywhere else. Topped off with a introduction by Sarah Jessica Parker, Sex and the City: Kiss and Tell will excite anyone who has experienced even the slightest flirtation with the sexiest, funniest show on television.

This book is truly beautiful. It has high quality pictures of Carrie, Charlotte, Samantha, & Miranda's wardrobes and who they dated. It also has a review of each episode & what that episode is about. It's a beautiful book. I adore Sex & the City and this book is perfect. It's more than you'd expect. It's got so much about the show in it even things not before seen or heard of. Awesome book and looks great as a coffee table decoration! 10/10

Die hard SATC fan. I did the SATC tour in New York and had to pick this book up at the HBO gift shop. Just ordered another copy for my sister. A true fan will appreciate the beautiful photos and memorable story lines. Book arrived in time and in perfect condition.

So I'm a huge SATC fan. My roommate and I watch a different season every weekend. I was bound to buy the book. Being the huge fan of SATC that I am I soon came to realize that the book has quite a few inaccuracies that I've found. First off it claims to be updated to cover the Sixth Season. This isn't so. It goes through the first HALF of the Sixth Season. So it doesn't cover Season 6 Part 2 episodes. The closest that it gets is vaguely alluding to the fact that Charlotte will adopt a baby. Secondly, in the "who they slept with" section it says that Carrie didn't sleep with a guy in the first episode who she definitely did if you watch the episode. These were errors that I discovered within 15 minutes of receiving the book from , I'm sure there are more. All in all the book has a lot of interesting articles, interviews and information... but with some blatant flaws and errors that I hope will be corrected in the next edition.

Nicely orchestrated...good gift for a teenager.

I don't know the exact details about this book, only because I purchased it for my sister. But when I asked how she liked it, she responded "I love it!":)

After all these years, I'm still a Sex and the City addict....watch the reruns over and over. This book summarized every seasons' shows. Love all the photos and inside stories. I thought I had lost my original book, and was thrilled to find it again on . Now I have two!!

I love Sex and the City..and this book is a great way for fans to look back and remember the series.

It has a lot of pictures, interviews, fun quotes and list of episodes per season. I'm sure I will be reading this over and over again. The only thing I wish it did have was the final season included like the other ones. It does have info. on it, but not like the 5 season before it. All in all it's still a great book for any Sex and the City fan to have!

I purchased this book used and it was in lovely condition! I am a huge fan of Sex and the City and I love having this book around to either read in detail or to just look at the amazing fashion!
