## Customer Reviews

OK, it's water-resistant and tear-resistant, but this map just does not have enough of Tokyo covered. And what it does cover does not enough names of streets or stations. The Metro/train map on the reverse is too small and awkward to use. Save your money.

I pre-ordered this map for my trip to Tokyo thinking it will have the most current information. Luckily it arrived in time. That's about the only good thing to happen. It's a bit of a stretch to call this a "travel guide." It has only a handful of curated points of interest. It's really just a paper map. Do what I wish I did, skip the map and download the TripAdvisor app and sort by top rated activities for each district.

on time and as described

Fine map

Its only a part of Tokyo. The South side is not in the map.

It did not have all of Tokyo. Fortunately Asakusa, where we stayed, was in the close up.
