Lay It Down: Bastards MC Duet

Synopsis

The Bastards MC Series Boxed Set contains the first two books in the series - *Always Been Mine* and *Honey Whiskey*. Come fall in love with a Bastard. Josephine Walker: My carefully constructed, picture perfect life is crumbling around me. For the first time in fifteen years, I don't know who I want to be. I need to find me. I'm done playing it safe, done caring what others think. I want wild and crazy. And, as much as I try to ignore it, I want Matt to see me as more than just his best friend. Matty Murphy: The Bastards live in a world most don't understand. We follow our own rules, only accountable to each other, the innocents we protect, and the people we couldn't save. Each of us wears a mask, hiding behind a polite smile and a respectable job, covering the monsters inside. I made peace with who I was a long time ago. I have no regrets. Except one. Jo Walker. I'm not letting her go without a fight.

Jo and Matty are both taken. Best friends and they help each other through their life issues. But what they have is also a fierce love story. Jo is still married but getting divorced from her cheating

husband. Matty is living with a rich bitch. But when they need each other, everything and everyone ceases to exist. Love, lust and longing brings them together. Truths and lies will come out. Secrets will come to light. But together Jo and Matty will be willing to lay it down. Received ARC for honest review.

Carina Adams did a wonderful job creating characters that came right off the pages. Who can't resist a sexy, tattooed man on a bike? I fell in love with Matty, like Jo there were moments I wanted to strangle him to only turn around and fall deeper in love with him. The book caused me to smile, laugh, get angry and even cry. The groundwork is laid down for Rocker's story and easily a few others. I can't wait for the next one to come out. I highly recommend the book if you love HEAs, best friends falling in love, overcoming real problems, and love MC novels.

It has been quite a while since I gave a book 5 stars but this read was absolutely breathtaking and I could not put it down: It was well written, the characters had great depth and the story was different from anything I have read before. These characters have a past and they have scars which make them seem incredibly real. They struggle, they fall and then they rise from their darkness with help from each other. I could not imagine better characters to read about. Well done

Could not read fast enough. Got sucked into the characters ! The plot twists kept the story interesting and fast paced. - consider this a must read !

I loved this story on how Matty and Joes who were best friends for 12yrs. I liked how Joes started to understand his world of being a biker/ I feel in love with Rocker and Tank. Would like to read more about Tank!

Keri It would be better ,with editing ! It's so bad ,there are words I couldn't figure out and its almost the whole sentence !!

Title: Lay It Down Author: Carina Adams Series: Bastard MC Series, Box Set Publisher: CreateSpace Independent Publishing Platform Reviewer: M. Austin Release Date: 4-7-16 Genre(s): MC Romance Page Count: 566 Heat Level: 4 flames out of 5 Rating: 5 stars out of 5 Lay it Down by Carina Adams was a great 5 star read. There are two books in this set - Always Be Mine & Honey Whiskey. In Always Be Mine we get to know Josephine and Matty. At first it didn't

feel like an MC book, it gets more MC about half way through. Jo and Matty are best friends and have always been there for each other. When Jo and her husband separate Matty is there for her. Jo starts to really see Matty and their friendship for what it really is. As they explore their feelings, Matty has secrets that he is concerned will cause Jo to go back to her husband. Of course things get even more complicated with the exes, and secrets. This causes a heartbreaking separation for these two. Will they be able to come back together in book 2? In Honey Whiskey I had a level of frustration with Matty and Jo. Could these two not stop fighting for one moment and enjoy each other? Jo ends up rooming with Rob (who I absolutely loved) at his and Matty's place in Boston. Jo has plans for Grad school and needs to look for a job. Jo starts to learn a lot more about the club and isn't quite sure if she can fit into Matty's world. And Taylor, OMG I wanted to rip her hair out. The book takes quite a horrifying twist that really shocked me. Both books were fast paced and kept you engaged. I would highly recommend if you're looking for a great read. I would love to see more from Rob and Matty's sister. Be prepared to go on an emotional rollercoaster with these two. For me it was well worth the ride. Thank you Carina Adams for a great read. I became a fan of Carina Adams with her Bama Boys Series. I should have known she would write a fantastic motorcycle club series. Lay It Down is two books in one, Always Been Mine and Honey Whiskey. The great thing about this book is that you don't have to wait for the next book to be released and you don't have to purchase them separately. More reasons I loved about Lay It Down, it's told in dual point of view, somewhat of a love triangle but no cheating, and Jo (our heroine) is an everyday woman just trying to find happiness while keeping her kids as her priority. Always Been Mine is the story of Josephine and her friendship with Matt. It focuses on Jo and Matt's history, Jo's marriage and family and their careers. We see how they are there for each other regardless of their relationships with others. Honey Whiskey focuses on Matt and his Bastard Brothers. How the club came to be and their troubled pasts. I cried more with this one than Always Been Mine. The Bastards Motorcycle Club are true protectors. I loved their mission as a club. Lay It Down had fun, sex and sass from the female characters. I can not wait for Rocker's story. I have already added Unfinished Business to my TBR. Do yourself a favor and indulge yourself in another Carina Adams romance. I received a copy in exchange for an honest review.
