Customer Reviews

Incredibly dull reading that was required for graduate work. Useful information can be mined out especially thanks to the handy lists and italicized words found in text that draws attention to pertinent information, but everything else can be skipped over.

Overpriced and full of stuff anyone who ever had a job should already kind of know intuitively. Text for a class so I didn't have a choice.

Great book and my book came literally the following day

Good book!

Just serves its purpose.

needed for school, great resource

Easy to read and follow along. Has lots of useful information.

This book is good for another course I am taking
