Playing Cat And Mouse (The Celtic Witch Mysteries Book 2)

Synopsis

More magic and mystery with Bron, Welsh hedge-witch and healer - plus her American cousin Maddie, the cantankerous seer Great Aunt Dilys, and Harkin who is not your average cat. All is not what it seems in the sleepy Welsh town of Llanfair. The snows have come late and the local police force (cute Adam and not-too-bright Polly) can't keep up with demand (the demand being: "I've fallen over on the ice! Help me!") A man is found dead in a field and there's nothing suspicious about it except for the fact that he appears to have fallen from a great height. Wales does have birds of prey but nothing that could carry a full-grown man. So how did he die? Bron is soon drawn into a very sinister group of families with ancient ties that echo to the present day. She's helped by her druid friend Dean who knows a lot of folklore. And her vicar friend Horatio who knows a lot about people. And her blacksmith friend Gruffydd who knows a lot which he cannot tell her. Things would be simpler if her cousin Maddie wasn't trying to learn magic from the Faerie Folk, her Great Aunt Dilys wasn't hiding something under her shawl, and bodies didn't randomly fall from the sky. Just another day in the magical town of Llanfair, then?

Customer Reviews

This series has delighted me. The series is set in Wales and the delightful Author has given us a simple 'vocabulary' to master in order that we can pronounce the lovely welsh greetings and locations with ease...Ms. Milligan states, "Good Luck." It's fun though. The tale centers around a Hedge Witch, her aging Auntie, and now, her American Cousin living in a centuries old home mainly without electricity as Bronwen (Bron) is allergic to it. Bron and Maddie, the Cousin take a walk (usual mode of transportation,) and come across a man's body. The police say he was 'thrown from great heights' but...there is only farmland local. What is going on? As the police close down the investigation as an accident...Bron and Maddie step it up as a 'Murder!' This book is humorous and clever. It uses a great deal of mythology and magical beliefs. The mystery is solid and you get a good conclusion to solve it. I'm looking forward to the next volume.

All things happen for a reason or do the saying goes. Bron is a hedge witch and she cannot be around any kind of electronics and this is causing problems at home but that is only the beginning. Magic is in full play here especially when there is a murder involved. Bron and Maddie come across a man dead but there are no clues as to how he died. Now Bron and Maddie feel they need to look into it and then are drawn into all of the mysteries around them. In order to find out how this ends you will need to read.

reading this series as I thought it'd be different based in Wales, however the same ole story, cop and a witch. cant these witches find happiness with , oh I dont know, a doctor, baker, lawyer??? come on people, its like there copying off each other.

I enjoyed the second in the Celtic Witch Mysteries even more than the first. The author has done a great job developing the characters and also teaching about Celtic Lore. I've already downloaded the next in the series!

I enjoyed the first book and this one continues with the characters and you become more familiar with them, it is an interesting and enjoyable story.

The author is doing a great job of developing the characters, the community, and the storyline! I am

pretty much hooked now!

Great follow on to the first book of the series, had me wondering until the end.

Another good one by a good author. This is a really great series. Lots of twists and turns and really likeable characters. I'm really looking forward to the next book.
