Miss Matchmaker: A Small Town Romance

Synopsis

What happens when the matchmaker meets her match? Better question: What doesn't happen? A small town is the last place I ever thought I'd find myself, but I'm desperate to save my failing business, and a mysterious client makes an offer I can't turn down. She wants me to match her with the man of her dreams, and if I pull it off, she'll pay me more than I can imagine. But when a cowboy everybody calls "Country" welcomes me to town with a "get lost" and a side of drop-dead gorgeous, well, things get a little more complicated. I mean, what kind of woman wouldn't go following a guy like that back to his ranch? And what kind of woman wouldn't go marching up to tell him off, even if he was shirtless? Between my insane client and my inability to stay away from the cocky cowboy, I have my hands full. And Lucas Tate, the man my client wants? It turns out he's also my cowboy.**As always, this is a totally SAFE, full length book with a happily ever after, no cheating, and plenty of steam. Two full-length bonus books are included as well.**

Customer Reviews

I voluntarily reviewed an Advance Reader Copy of this book. Love, love, love this book. I am a huge Penelope Bloom fan and this book is why. The premise of the book, Mila being a matchmaker, drew

me in to the story. The banter between her and Lucas was entertaining. Their chemistry was off the charts. Another amazing read from Penelope and definitely one of my favorites.

I voluntarily reviewed an Advance Reader Copy of this book But I also bought the book! Loved it, A match maker sworn off men, yeah well not so much, humor a bit of mystery and a HEA what more can you ask for!

This is a sweet book with a little drama thrown in and a whole lot of hot sexiness. I have so much to say about this story I will give it away if I continue so I will just say it a must read

Although I volunteered to review an ARC of this book, I bought it. Extra books inside! Mila is a matchmaker on a very lucrative assignment IF she can help the bride-to-be land her man. When Mila gets to the small town where the "matches" live, she meets up with a very arrogant and abrasive but GORGEOUS local, cowboy hat and all.

She's intrigued and hasn't been since she swore off men after her EX. This guy introduces himself as "Country" but she not-soon-enough finds out that HE is Lucas the unaware party to the match. But this story gets even more entertaining when we meet Lucas' estranged brother and his henchmen. Ms. Bloom has written one of her best in this book. It has it all: off-the-charts attraction between H and h, a plot to kill someone, kidnapping, humor and some of the best s*x scenes! I literally could not read fast enough. Now I'm finished but I want to go back to rediscovering this story and its characters all over again. LOVED THIS BOOK!

This has to be one of Penelope Bloom's best book yet, it has everything, a little suspense, humour, lust/love, my oh my steamy scenes, a hot cowboy and a beautiful woman. When Lucas (Country) first runs into Mila on the sidewalk he can't help but tease her and even though some of it was a bit rude she takes it but also isn't too offended. Until he splashes her with his truck and she storms over to his place where she twists her ankle and he has to then carry her to the house to help her. From there the humour, attraction and sparks come flying off of the pages and I fell in love with both of them. But she has lied to him, she's not a reporter but a matchmaker who is there to help a woman with a man but Mila doesn't know that the man the woman wants is him. Lucas is now dealing with his brother who is pure evil and wants his land, the death of his dad just months before and his ex who won't stop coming onto him but Mila seems to make that all go away and he feels peace when

he is with her. A great great great story that I chuckled throughout with the banter, puns and antics they go through and I laughed out loud with the elevator scene in the police station and what led up to that. Not only that but the way the story was written, there is drama but Mila tries to come clean as soon as possible, not dragging it out and Lucas doesn't waste time going after her...refreshing and perfect. They stick together and it just makes the book that much better and worth it. The BEST ONE yet from this author and I'm hoping for more from her with this type of read...KUDOS Penelope Bloom !!!! 5 ++++++ stars* I voluntarily reviewed an ARC of this book*

I received this book with the understanding that I could leave a voluntary and honest review. In this book we meet Mila and Lucas Tate. Mila has come to a small town to help her new client Cynthia get the man she wants. There are many things that send red flags up for Mila but she pushes them aside for the chance to help her business and her friend and co-worker. Little did she know that all of her feelings were well founded. Her client had met this man before they had broken up and she is trying in all the wrong ways to get him back. Can she save her business and have some fun with the man she has met in this small town? Lucas doesn't know who this city girl is that has come into his town but he does know he wants to see more of her. However with his brother trying to get the land his father left him and his ex bugging him at every turn he wonders if he will get his shot with her. Then he begins to wonder if he should even go for it because he knows she won't be staying long-term. Can he have it all though or will all the forces drive him away from all that he knows and wants in this world? This is a great book about finding love in some of the oddest places. There are some big twist in this story that will have you hooked from the first word to the very end. I want to tell you all about them but don't want to ruin the story for anyone else. I will say I would highly recommend this story to anyone and everyone.

Penelope has done an excellent job with Lucas and Mila. Mila is a city girl who works as a matchmaker. She gets hired to help a woman get her ex back. The money she will pay will help Mila expand her business. When Mila gets to Wade's Creek she runs into Lucas. Lucas can't stand city girls so he is a jerk to her. Mila ends up with her pants ruined when Lucas leaves. Since he told her his address she goes there to give him a piece of her mind. Lucas has lived in Wade's Creek since he was five. Lucas has been dealing with a lot lately so he mostly keeps to himself. He lost his dad a few months past and now people are wanting to buy his ranch for the oil under it, but he won't sell. When Mila gets out to his ranch she twists her ankle and Lucas feels bad for her so helps her out. Even though they butt heads they can't deny their attraction to each other. However, Mila doesn't

know that Lucas is the person she is supposed to be matching up with his ex. When she finds out she tries to keep her distance but it turns out to be harder than she thought. When Lucas finds out the truth he kicks Mila off his land. Will he realize he made a mistake and get Mila back where she belongs before it's too late? I voluntarily reviewed an Advanced Reader Copy of this book. This has action in and out of the bed and deceit from people who are closer than they think. The chemistry between Mila and Lucas is hot, hot, hot.
