Synopsis

With its beautiful and clear illustrations, this *A guide to rug weaving* is an inspiring journey into a world of dazzling color and eye-catching design. From classic stripes to pattern-woven designs, detailed directions are provided for 45 rugs that represent a wide range of weaving techniques. Beginning with a stripe and check weaves in simple tabby, the rugs progress in difficulty to intriguing challenges such as chenille, drall, diamond twill, rag inlay, repp, and rosepath weaves. Creative approaches to materials show how to cut strips from favorite old shirts, sheets, and jeans, and the emphasis throughout is on creative flair, imaginative design, and the pleasure of making a one-of-a-kind rug imbued with memories.

Customer Reviews

Tina Ignell is a handcraft consultant and the editor of *Vävmagasinet: Scandinavian Weaving Magazine*.

Excellent reference for weavers and especially weavers of rag rugs!

I bought this for my husband who uses a 48-inch four-harness loom. He loves the patterns in the book and has had great success with the two he has tried so far. There are a couple of patterns that he is unable to do because they require a loom with more harnesses, but everything else is perfect. This is a great addition to his small, but growing, weaving library.

Beautiful book with lots of inspiration.

lots of lovely rug patterns...

This is a great book! It's just what I was looking for and it will be used.

Scandinavian rugs and patterns that are priceless.

Love the book.

Wonderful eye candy along with recipes. If you like Swedish designs, you'll love this book.
